BAS Agent Registration Skill Set

RTO Code. 45225

ABOUT THE COURSE

Course currency status: Current

- This course allows students to develop their knowledge and skills in order to create further educational and /or employment opportunities.
- This course allows students to complete specialized tasks and functions in accounting and bookkeeping.
- The aim of this course is to develop the knowledge and skills required by job roles in financial services and other industries requiring accounting support functions.
- Individuals in these roles apply theoretical and specialist knowledge and skills to work autonomously and exercise judgment in completing routine and non-routine activities.
- This skill set is designed for persons who are seeking registration as a business activity statement (BAS) agent with the Tax Practitioners Board (TPB).
- Persons seeking BAS agent registration should check with the TPB for details of current registration requirements, including those relating to experience and, fitness and propriety.

UNITS

* A complementary MYOB education version will be included in this course.

The BAS Agent Registration Skill Set course consists of 2 units of study.

CORE UNITS		FNSTPB401	Complete business activity and instalment activity statements
		FNSTPB402	Establish and maintain a payroll systems

UPON COMPLETION

Upon successful completion of all the required units of this skill set, students will receive a Statement of Attainment. Students who do not complete all required units may be eligible for a Statement of Attainment in partial completion of the skill set.

EMPLOYMENT PATHWAY

- Accounting job roles in financial services and other industries requiring BAS and payroll functions.
- Registered BAS agent

Students who successfully complete the skill set will be able to seek registration as a BAS agent from the Tax Practitioner Board upon satisfying certain other conditions. Please refer <https://www.tpb.gov.au/> for further information and other registration requirements.

DURATION

The scheduled duration for this course is 12 weeks. Students are provided access to the LMS for 26 weeks to complete the course.

Students will be required to undertake on line learning activities, independent study and assessment activities completed in their own time for approximately 8 hours per week. Total course study commitment is 8 hours/ week x 12 weeks = 96 hours.

The indicated hours are approximate as the amount of time different students spend on independent study/open book assessment will vary with individual learner needs and students own individual contexts.

A 3-month extension is available upon application.

DELIVERY METHOD

The course is delivered via online learning. Students also undertake independent study and assessment activities in addition to online learning activities. Examples of on-line learning activities include reading subject content, undertaking tasks, watching/ reading Power Point presentations. Independent study activities include research, reading, practicing applying knowledge and skills learnt, and preparing for and undertaking assessment tasks.
