# WHY US?

## ➔ Practical Training

Prior to your placement, you will undertake training to develop your practical and software skills required for your internship placement.

Training is delivered utilising a very hands-on practical approach, covering accounting software such as MYOB and Xero while simulating a real working environment.

## ➔ Career Support Hub

Get access to a range of interactive career development workshops and seminars presented by professional career coaches and recruiters

The Seed Career Support Hub provides useful resources to help you become more competitive during your job search covering resume writing, job interview preparation, and much more.

## ➔ Fairwork Compliant

Our Internship placements are compliant with Fair Work Australia regulations and laws for your peace of mind and confidence.

Rest assured that your workplace rights and obligations are met during your internship.

# ELIGIBILITY
